HONOR OF ITALY'S ARMY

Defended in a Duel by the Count of Turin.

PRINCE HENRI WOUNDED

Receives a Sword Thrust in the Abdomen—A Serious Wound But Not Necessarily Fatal—The Fighting Was Most Determined.

Paris, Aug. 15.—The Count of Turin and Prince Henri of Orleans fought a duel with swords at 5 o'clock this morning at the Bois de Vincennes at Vincennes. H. Looftief acted as umpire. The fighting was most determined and lasted 25 minutes. There were five engagements, of which two were at close quarters. Prince Henri received two serious wounds in the right shoulder and the right side of the abdomen. The Count of Turin was wounded in the right hand. Prince Henri was taken to the residence of the Duc de Chartres and received medical attendance. The condition of Prince Henri this evening is as satisfactory as could be expected. The doctors, after a consultation, expressed the opinion that no important organ was touched, but absolute rest is necessary for recovery. Owing to rumors at Naples and elsewhere the public had not expected the duel to come off. It was therefore quite private.

The official account furnished by the second reiterates fully the circumstances leading up to the encounter. The Count of Turin, considering the letters of Prince Henri of Orleans to the Figaro offensive to the Italian army, wrote to him on July 6 demanding a retraction. This letter could not be answered until Aug. 11, the day of the arrival of Prince Henri in France. The prince replied to the Count of Turin by telegram, maintaining the right of a traveler to record his experiences.

The official account then describes the arrangements for the duel, gives the names of the respective seconds and says that at their first interview they agreed that the encounter was inevitable. By common accord the conditions were settled as follows: Each combatant to use his own sword, the blades to be of equal length, either combatant to be at liberty to maintain the ground he gained, and each to be allowed the space of 15 metres within which to advance or retreat; each assault to continue four minutes; the combat to be resumed in the positions occupied and only to determine on the decision of the four seconds or the advice of the doctors that one of the adversaries is manifestly in the inferiority; the conduct of the meeting to be instructed alternately to the two parties, lots being drawn at commencement. This latter feature of the arrangement was due to formal objection to the seconds of Prince Henri of Orleans to the direction of the encounter by a fifth party.

At a later meeting yesterday the seconds decided upon the rendezvous. The process-verbal then proceeds to describe the encounter. It says that in the first assault Prince Henri was hit in the right breast, though the weapon did not penetrate the thorax. On the strength of the report of the doctors the combat was continued. The second assault was stopped because the combatants came into close quarters. In the third assault the Count of Turin was hit in the back of the right hand, but the wound was slight. In the fourth assault the umpire, Major Looftief, declared that the sword of Prince Henri was bent and stopped the engagement long enough to furnish the prince with a new weapon. In the fifth assault the combatants again got into close quarters and were immediately stopped. Prince Henri in a counter blow being hit in the right lower region of the abdomen. The doctors on both sides examined the wound and decided that Prince Henri was rendered by it clearly inferior to his antagonist. Major Looftief and Maubrichon proposed that the combat be stopped, and this was done by the common accord.

White this wound was being dressed, Prince Henri, raising himself upon the ground, extended his hand to the Count of Turin, saying: "Allow me, monseigneur, to shake hands with you. The Count extended his hand. The physicians present were Dr. Toupet and Dr. Hartmann, on behalf of Prince Henri, and Dr. Carle, on behalf of the Count of Turin. This account of the fighting was signed by the seconds.

The details of the duel show that the encounter was very sharp and determined. Immediately on the crossing of the swords Prince Henri vigorously pressed his adversary. The Count of Turin, however, limited the limit of the ground, and resuming the encounter touched his opponent. The third and fourth assaults ended in long engagements within guard.

The Temps says that the wound in the abdomen was a serious one, but not alarming. Had the Count of Turin's steel gone half a centimeter deeper the intestines would have been perforated. After his wound had been relieved, preliminary dressing, Prince Henri walked to his carriage unaided. The Count of Turin, accompanied by his seconds, left Paris for Italy this afternoon. He was not experiencing any special distress from his wounds.

ALL MAPPED OUT.

Work to Be Begun on the New Georgetown Hill Road.

Special Dispatch to the Standard. Phillipsburg, Aug. 15.—County Engineer E. A. Craile and his assistants last night finished the work of mapping out a new road on the famous Georgetown hill between this city and Anaconda. A gang of choppers will be put to work immediately clearing away the timber preparatory to putting on the new road machine bought by the county this spring, which is really a wonder in the art of road making, finishing a road by driving over it once almost anywhere except in solid heavy timber or bedrock.

Mr. Craile says that the greater part of the work can be done with the machine after the timber has been cleared away, which will make the cost a nominal one. The road will begin at the foot of the Georgetown hill, and by a continuation of loops will diminish the present steep grade to one of very easy ascent. The present road is about a 16 per cent., and in some places much more, and very

rocky and rough at that. It is about a mile and a half long.

The new road when finished will be about a 10 per cent. grade, which will be made by increasing the length only about half a mile. Taking into consideration the small cost, which will be about \$30, the job is a good one and Mr. Craile will receive the thanks of every resident of the county, which he richly deserves. The Georgetown hill has long been a serious obstacle in the travel between the Red Lion and Cable mining districts and this city and most of it went to Anaconda, although Phillipsburg is several miles near. But when this road is finished Phillipsburg will again gain the patronage of those rich mining sections and the surrounding country.

CREMATED.

Simple Funeral Services of the Body of Poon Kwang Koh.

Washington, Aug. 15.—The body of Poon Kwang Koh, the former Korean minister to this country, whose death occurred here last Friday, was today cremated according to the expressed wishes of the deceased and his ashes placed in the keeping of the present minister, Chin Poo Ye. Later they may be returned to Korea.

At 3:30 o'clock this afternoon the body was taken from the Fourteenth street residence, where it had lain in state, and conveyed to Lee's crematory, on Pennsylvania avenue, followed by a long line of carriages containing personal friends and prominent members of the Blavatsky branch of the Theosophical society, of which Koh was a member. The brief and simple funeral services were conducted by George M. Coffin, president of the society. The casket was draped with a silk American flag, and on it also had been placed the official state wreath by Koh during his official career here. At either end of the coffin were crosses of white and pink roses which had been sent by Prince Min and Mr. Pek.

WHITE CAP OUTRAGES.

Citizens of Kensington Are Thoroughly Aroused.

Cincinnati, Aug. 15.—For three months a band of White Caps has been causing terror in the vicinity of Kensington, Ky., and a determined stand will be made against them by the people of that section. About two weeks ago they called at the home of Ward Bolan, the superintendent of the Kensington subdivision, and for some time he and his wife were with them. They then whipped and beat him a most brutal manner. Later they found a man named O'Hara camping on Kensington lake with a woman whom he claimed was his wife and beat both man and woman shamefully.

Fighting in India.

Bombay, Aug. 15.—A telegram from Cherat says that shara firing was heard last evening in the direction of Port Shadkadar. There is great excitement at Peshawar. The women and children have been in the cantonments at Cherat have gone into the Murrud hills northwest of Ewalpindi.

Instantly Killed.

Potoma, Cal., Aug. 15.—A horse driven by John Cash ran away this afternoon, throwing out of the buggy Cash and his two daughters and instantly killing Cash, whose head struck a stone wall. The injuries received by his daughters were not fatal.

MORE MEN FOR KLONDYKE

JUST CRAZY TO GET STARTED ON THE LONG TRIP.

Two Big Steamers Leave From Victoria With Many Passengers—Most of Them Prepared.

Victoria, B. C., Aug. 15.—There were in Victoria this morning close upon 1,000 men of every class and from every part of the world who were just crazy to get started on the long trip to the Yukon. All these men had tickets which will carry them to Skagway bay on the big collier Bristol or on the steamer Islander, both of which sailed today. The Bristol has been fitted with bunks and stalls for horses from the bottom of her hold to the top of her cabin deck, and every bunk and stall is occupied, close upon 500 men going on the Bristol and just as many horses and mules.

Even the big collier is filled up, the feed for these animals and the outfits of the men taking up an immense amount of space. The Islander has just as big a crowd, and much the same outfit. It is taken up by a contingent of mounted police, their horses, dogs and outfits. They have a winter's trip before them before reaching Dawson City, and are taking dogs and sleighs. Horses will be taken as far as possible, and when they are of no more use will be killed and used as food for dogs.

A few of the men are going up with the idea of purchasing cheap outfits from the men who became discouraged and are turning back, but most of them are well provided for and all are taking pack animals, they having in this respect taken the advice of men who went before and have written of the difficulty of securing animals or Indians to pack goods across the pass. W. E. Canovan of Ottawa, who was a member of the Canadian boundary survey, in which capacity he learned much about Alaska, left on the Islander. Mr. Canovan is going to look over the ground for the Klondyke Placer Mining and Prospecting company of Brantford and Paris, Ontario. This company will send out a large party in the spring to prospect and work claims in the Canadian Yukon.

A Frightful Crime.

Greeley, Neb., Aug. 15.—This morning John D. Maw, a farmer living a few miles from here, attacked his married daughter, Mary J. Hughes, with a hammer, crushing her skull and inflicting fatal injuries. He drove the family into the house and set fire to it and then fired the wheat stacks and barns. Maw, who is 60 years of age, has been mentally unbalanced for years. He is in jail.

Breaks the Record.

New York, Aug. 15.—Thomas Flannagan, brother of James Flannagan, the champion hammer thrower, threw the 12-pound hammer 133 feet and 4 inches at the Catholic club games at Jersey City Heights today. The longest authentic throw of this missile previously made was 115 feet at the class games at the University of Pennsylvania last spring.

NO LONGER AGGRESSIVE

But the Strikers Are Determined to Stick It Out.

THEY WILL USE NO FORCE

Leaders Give Strict Orders to Wait Quietly Until After the Injunction Decision—A Large Mass Meeting at Plum Creek.

Pittsburg, Aug. 15.—Leadens sky and fitful showers contributed to the feeling of depression which existed at the miners' camps at Turtle and Plum creeks today. The men huddled together for shelter under the commissary tents and having nothing else to do, but in the time smoking and discussing the strike in all its phases. The spirit of aggressiveness, however, has largely died out. The same grim determination to stick it out until starvation brings defeat or victory is apparent, but there are no propositions to attain their end by force or go contrary to the sheriff's orders.

The men all realize that in opposing the law, as represented by the sheriff and his deputies, they would have about the same success as in battling their heads against a stone wall. They have no particular love for the deputies, although there is an absence of that caustic repartee between the factions that has characterized former strikes.

There was no marches this morning. This has been the usual Sunday custom at all the camps, but even if it had been otherwise, the strict orders of all the strike leaders to wait quietly until after Monday would have prevented them. Sunday has usually been used by the men to do missionary work among working miners. None of them attempted to see any workers, however, and kept severely away from the company houses. The march into Westmoreland county will begin as soon as the injunction is settled in court.

Much anxiety is expressed as to the outcome. The men stake everything on their ability to show the right to assemble and march on the public road. This afternoon there was a large mass meeting at Plum Creek. About 1,000 strikers and 20 miners were present. Speeches were made by President Ratchford, Samuel Gompers, James R. Sovereign and the local leaders. The meeting was orderly and there was no interference from deputies. There is a possibility of the customary march taking place in the early morning in spite of the strict orders issued by President Dolan against such a course.

The men are fretting under the restraint and Captain Bellingham, who is in charge of the camp, said to-night that he had not decided whether to allow the march or not. The deputies are on the alert and say they will arrest any who may participate. Evictions from the company's houses have already begun.

MUDDLED SITUATION.

Opposition to Closing Down Mines Supplying Manufacturing Plants.

Wheeling, W. Va., Aug. 15.—The beginning of another week of the coal strike in the Wheeling and the Eastern Ohio district shows a muddled situation. A vigorous opposition to the course of the United Mine Workers in closing down the mines that supply the coal for the several iron manufacturing plants has developed among the workmen themselves, many of them being big enough to take has been made. The situation at the Laughlin mine across the river has been straightened out by the declaration of the miners to work as long as the campers are in the vicinity. The Laughlin and other plants are now getting coal from Fairmont.

Monday afternoon a great mass meeting is to be held at Bellefleur, which will be addressed by Secretary Lewis and other leaders. Its purpose is to force the Hetherington steamboat mine to suspend. It is said to-night that 300 strikers will march up the river to the mine, creek mines and force out the small number of men at work there.

More Injunctions Granted.

Cincinnati, Aug. 15.—The Commercial-Tribune's special from Parkersburg, W. Va., says immediately upon Judge Jackson's return from his vacation last night he opened court and heard applications for injunctions in six cases against Fred Ditcher et al., leaders of the miners' strike in Fayette county. The plaintiffs in the case were six coal and coke companies, all of whom were represented by the same law firm. The case in each case an injunction was granted, the hearing of all the cases for a permanent injunction to take place at Charleston on Nov. 10.

A motion to dissolve the temporary injunction will be heard in the same city Sept. 7, should the defendants elect. The order is in every respect identical with the one issued upon the application of James Sloan, Jr., one of the principal stockholders of the Monongahela mine, against Debs and the strike leaders in the Fairmont region on July 28, and it in every way prohibits the defendants from trespassing upon the property of each of the plaintiffs or interfering in any way with either property, business or mines.

ENGLAND PROTESTS.

The Amer of Afghanistan Called to Account for Acts of His General.

London, Aug. 15.—A dispatch to the Times from Simla says the vice royal government has sent to the Amer of Afghanistan a strong letter of remonstrance with regard to the part taken by the Afghan tribesmen in the case of the frontier and especially protesting against the countenance given to Hadda Mullah by the Afghan general, Golem Haddad, commanding at Asmar, who was known to be in constant communication with the Indian tribesmen who attacked Fort Shapkadur on Saturday, the 21st.

Reinforcements have been ordered to Kohal in consequence of signs of unrest in the powerful Orakzai tribe. All is quiet in Swat, but General Blood is moving up the river to secure the submission of the natives in the upper Swat valley.

A Narrow Escape.

San Francisco, Aug. 15.—Professor Mac-have, the aeronaut, had a narrow escape from death in his balloon ascension at the chutes this afternoon. At 5 o'clock,

the time billed for the ascension, the wind was blowing half a gale. On leaving the earth the aeronaut was soon carried out of sight behind banks of fog. When he reappeared he was rapidly descending and his parachute had a decided list to one side, caused by the force of the wind. When within 25 feet of the ground his parachute came in contact with an electric light wire, severing the ropes of the trapeze. Mac-have was thrown to the ground with great violence. A physician was called and declared that the man was not seriously injured.

ARMY OF THE POTOMAC.

President McKinley Will Be Present at Its Meeting.

Troy, N. Y., Aug. 15.—The 28th annual meeting of the Army of the Potomac, to be held in this city next Friday and Saturday, will be an event of more than usual importance because of the presence of President McKinley, Vice President Hobart and Governor Frank Black. The list of organizations which will participate in the parade is large and the showing of the troops will be excellent. It is probable that there will be more than 2,000 men in line. Disposition of the troops are being made for the decoration of the buildings of the city and the streets will present a brilliant array of flags, bunting and streamers.

The president's party will arrive in Troy from Huff Point on Friday morning and the program arranged is as follows: Friday morning, meetings of the various army corps; at 3 p. m. the parade will take place and at 5 o'clock a business meeting will be held in the city hall. Public exercises will be held at Music hall in the evening at 8 o'clock, at which time the president will be welcomed by Governor Black and Mayor Mallor and the president of the society, General William W. Henry will respond. An oration will be delivered by Major C. A. Woodruff, United States army. President McKinley will also be one of the speakers of the evening.

FOR MISSOULA.

The Bike Corps Leaves St. Louis for Their Long Ride.

St. Louis, Aug. 15.—Lieutenant James M. and the members of the bike corps of the Twenty-third U. S. A., will leave Jefferson barracks to-morrow and return by rail to their regiment at Fort Missoula, Mont. When Lieutenant Moss reaches Fort Missoula his first duty will be to prepare a detailed report of the trip and forward it to the war department. The report to be furnished to the war department will contain more details of the journey than have reached the general public, the quantity of rations carried, the details of their consumption and distribution; the weight of accoutrements and the detailed manner of their shifting; the arrangement of the repair problem so that the entire command was never delayed in progress; the physical capacity of the men to cover certain distances in certain times; the effects of hunger and thirst; the adaptability of the wheel to topographical and meteorological conditions. All these considerations will be discussed.

A Terrible Storm.

Hicksville, Ohio, Aug. 15.—A terrible storm swept over this city this afternoon, doing \$10,000 damage in this place and causing otherwise injurious buildings. The loss to crops in the surrounding country is great.

DETECTIVES ARE AT WORK

DOUBLE MURDER OF DAVID DETRICK AND HIS WIFE.

One Suspect Attempts Suicide on His Wife's Grave—A Horror-Crazed Woman Takes Morphine.

Bellefontaine, Ohio, Aug. 15.—There were many detectives at work here and in Union township today on the rumors regarding the double murder a week ago of David Detrick and his wife. While only Ford and Lew Deewester are under arrest for the crime, it is believed there are others who know something about it. In connection with the rumors implicating different neighbors, one man attempted suicide on his wife's grave because he was suspected, and a woman, after brooding over the horror, took morphine with suicidal intent. Yesterday Mrs. Charles Spellman, a relative of the Detricks, charged her father-in-law with criminal assault, and there was talk of lynching the father-in-law as well as Ford and Deewester, but no violence is anticipated, although the excitement here is intense. The developments of the past week have been such that many are apprehensive of the result. The sensation now is the alleged confession of Ford to Mrs. William Ellsworth previous to his arrest. Ford now denies the confession.

McKinley Goes to Church.

Bluff Point, N. Y., Aug. 15.—President McKinley, Vice President and Mrs. Hobart, Mrs. Alger and Master Hobart attended the presidential party which attended Trinity Episcopal church this morning. The president remained in doors after his return to the hotel. The party will witness the dress parade of the First Infantry at the garrison to-morrow, when regimental colors, the gift of Vice President Hobart, will be presented by Garrett A. Hobart, Jr. On Wednesday evening a military ball in the president's honor will be given at Hotel Champlain.

Verifying the Confession.

San Jose, Cal., Aug. 15.—Sheriff Lyndon and Under Sheriff Benson went to the Schofield ranch this morning and passed the day there, verifying the confession of Dan Dutcher and Irving Mann. Mrs. Schofield is in a state of nervous prostration and grew so ill to-night that a physician was called. The doctor says she is simply suffering from nervousness.

A Balloon Service.

Oakland, Cal., Aug. 15.—M. Ayer, a real estate man on Eighth street, Oakland, proposes to establish a balloon service, between Juneau and Dawson City. M. Ayer is an old balloonist and says the scheme is practicable. He says the trip from Juneau to Dawson City ought to be made in 24 hours.

Drowned in the Surf.

Atlantic City, N. J., Aug. 15.—Two venturesome bathers were drowned in the surf here today. They were Thomas Clarswell, aged 21 years, of Princeton, Ind., and an unknown man, supposed to be an excursionist from Philadelphia.

A CONTINUED OVATION

Bryan's Trip From Anaconda to the Bitter Root.

GREETED AT EACH STATION

The Run a Pleasant One—Deer Lodge Fills the Car With Flowers—An Enthusiastic Welcome Given All Along the Line.

Special Dispatch to the Standard.

Hamilton, Aug. 15.—The Bryan special from Anaconda arrived here without accident shortly after 3 o'clock this afternoon and the distinguished visitor was at once taken to the ranch residence of Marcus Daly, where he will remain with his family as the guest of Mr. and Mrs. Daly till Tuesday afternoon, when the party will return to Missoula. Mr. Bryan was given an enthusiastic Bitter Root reception here upon his arrival, and the farmers of this end of the state showed that they are as loyal to the cause which he represents as are the miners and the smelters with whom he has been for the past few days.

From Anaconda to Hamilton the entire journey was a continued ovation. Every station along the line was surrounded by an eager crowd, whose members greeted the appearing of Mr. Bryan with enthusiastic cheers that woke the echoes. The run was a pleasant one and there was but one slight delay caused by a hot box on the engine that pulled the train from Garrison to Missoula. This delay, however, did not mar the pleasure of the trip and the run from the Copper City to the beautiful Bitter Root was made in good time.

At Deer Lodge Mr. Bryan received the first formal demonstration of the day, a large crowd had assembled and was waiting for the arrival of the special, and as soon as it appeared the procerbal cheers were given and the residents of the Valley City pressed forward to grasp the hand of the champion of their cause. Mr. and Mrs. Bryan received the visitors cordially, but the Sunday rule was strictly observed and there was no speech-making. The Deer Lodge people brought with them a wealth of flowers, which they left in the car occupied by Mr. and Mrs. Bryan, and the interior of the car was soon transformed into a bower of bloom.

Leaving Deer Lodge a beautiful incident occurred. The train was stopped before the residence of the venerable Con Kohrs, who, with his family, was seated on the broad veranda in the shadow of the great trees, in the midst of the mass of flowers on the lawn. Mr. Kohrs, a type of the Montana pioneer, and wife were received with especial cordiality by Mr. and Mrs. Bryan, and after a pleasant exchange of courtesies the train sped on to Garrison. At this point the time consumed in the change of engines afforded the distinguished traveler an opportunity to receive the sincere expressions of admiration, in giving which the railroad men and the farmers vied with each other.

Many pleasant words were spoken by the hardy fellows who extended their greetings here, but no speech was made. At Drummond and other points along the line the same scene was briefly repeated. The train had a good run down through the canyon to Missoula, where a crowd of several hundred was assembled. There was no demonstration more than round after round of cheers and Mr. Bryan, accompanied by his wife, appeared on the rear platform of his car extending a cordial hand to the members of the crowd as they pressed forward. Cheer followed cheer as the train sped away toward the Bitter Root valley and the farewell was remembered long after the train had begun to ascend the gentle slope of the most beautiful valley in the West.

The run up the valley was a swift one and the train reached Hamilton soon after 3 o'clock. There were cheers for Mr. Bryan and Mrs. Bryan from the enthusiastic Bitter Rooters, and they cheered as long as the party was in sight. It was a splendid welcome to the Bitter Root and Mr. Bryan was apparently well pleased with his reception here. The crowd was not as large as the one at Deer Lodge, but it was early in the morning and the train was not yet in the shadow of the magnificent peaks of the Bitter Root range he will find the rest which he seeks.

A RACE RIOT.

Negroes and Whites Have a Shooting Bee in Arkansas.

Little Rock, Ark., Aug. 15.—The bloodiest race riot that has occurred in Arkansas in months took place today at Falmouth station, 30 miles from Little Rock, this evening. Three men are dead, and other fatally wounded and two others injured. The dead are: Harrison Korr, colored, shot to pieces; Charles Peters, colored, killed outright; Charles Andry, white, shot through the heart. The seriously injured are: T. Clarke, Jr., telegraph operator, shot through the shoulder, probably fatally; D. R. Owens, deputy sheriff of Perry county, shot through the groin seriously.

Owens had a warrant for Korr, charged with murder. When he attempted to make the arrest at Falmouth Korr opened fire. The first shot struck Owens in the groin, inflicting a serious wound. Andry and Clarke went to Owens' assistance and five or six negroes joined in with Korr. A pitched battle ensued in which more than 20 shots were fired. When the shooting was over Andry and Peters lay dead. Clarke had got into his office and fallen to the floor from loss of blood. Owens was lying in a ditch near the station. Korr was found dead in the road a mile away, literally shot to pieces. The other negroes fled and have not been captured. The whole country is in a fever of excitement and should Korr's associates be caught they will be lynched without trial.

Wild Over the Result.

Rome, Aug. 15.—The news of the result of the duel has been received here with the greatest enthusiasm. Crowds fill the streets cheering for the Count of Turin and the army and calling upon the bands in the public squares to play the royal hymn. Many of the houses are decorated with flags in honor of the result and all newspapers have issued special editions of the encounter. Extra guards have been mounted at the French embassy and consulate. Congratulatory telegrams are showered upon the members of the royal family from all parts of Italy and many have been received from abroad.

The meeting before the second yesterday was long and stormy. The representatives of Prince Henri in his behalf stated that he could not withdraw his original assertions, as he had written only the truth about Italian officers and was entirely willing to give satisfaction to a representative Italian.

IN STATE.

Citizens Take the Last Look at the Late Senator George.

Jackson, Miss., Aug. 15.—The remains of the late Senator James Z. George, who died at Mississippi City yesterday, reached this city at 2 p. m. and were met at the depot by an immense crowd of citizens. A line of march was formed and the remains conveyed to the rounds of the capitol, where they will lie in state under a military guard until to-morrow.

Immediately after the remains were placed on a flower bed in the capitol, the lid of the coffin was removed and a ceaseless throng of people passed in line to view for the last time the face of the great statesman.
